### Sampling & Survey Notes/ Special Instructions For The Analysts

Call Laboratory 24 hours in advance for 24 or 48 hour turnaround time

Standard turnaround time for PLM bulk sample analysis is 3-5 days

All Samples will be analyzed unless a positive stop is requested

Separate samples in clearly identified plastic bags

Each layer of multi-layered samples will be analyzed unless otherwise indicated

New York state regulations require that all friable samples in which asbestos is detected be point counted

New York state regulations also require TEM confirmation of NOB samples found to have no asbestos detected

Samples will be retained by URS for three months
